

SpectroNet Newsletter 06/2019

Dear Clusterpartner and Friends,

with this e-mail we want to bring you up to date on our last cluster activities. You will be informed about **upcoming SpectroNet events, news from partners of our cluster, new job offers, events and fairs.**

Participants of the JENCOLOR SpectroNet Collaboration Conference 2018,
29.08.-30.08.2018, Jena, Germany

JENCOLOR SpectroNet Collaboration Conference 2019 - Preliminary Agenda online

We are pleased to invite you to the upcoming **JENCOLOR SpectroNet Collaboration Conference 2019** in Jena.

The JENCOLOR SpectroNet Collaboration Conference 2019 addresses recent developments in innovative photonic micro sensors with digital image processing for **geo-, color-, multi-, hyper- and full-spectral photonic measurement applications** in industry, biology/medicine, environment and security and in daily life.

Well-known experts from leading companies and research institutions will give methodic, scientific, technical and social insights on their latest developments in photonic measurement engineering for quality assurance.

There will be **54 presentations** in the following **6 sessions**:

- Photonic Sensors and Systems for **2D/3D** Measurements
- Photonic Sensors and Systems for **Spectral** Measurements
- Photonic Sensors and Systems for **Life Science & Point of Care** Applications
- Photonic Sensors and Systems for **Spectral & Hyperspectral** Measurements
- Innovative **Software & Solutions** for Photonic Sensors and Systems
- **New Possibilities** in Photonic Sensors and Systems

There will also be an **exhibition of products and services** for photonic microsensors and systems as well as a **get-together event** with individual networking.

The **preliminary agenda** and **registration** for the conference can be found on the event website:

Upcoming SpectroNet Collaboration Conferences

JENCOLOR SpectroNet Collaboration Conference 2019

Topic: Photonic Sensors and Systems for Measurement Engineering for Quality Assurance

Date: 28.08.-29.08.2019

Venue: Jena, Germany

Partner: ams Sensors Germany GmbH

Link: www.spectronet-events.de

IMEKO Joint TC1 - TC2 International Symposium 2019

Topic: Photonics and Education in Measurement Science

Date: 17.09.-19.09.2019

Venue: Jena, Germany

Partner: Technische Universität Ilmenau

Link: www.imeko-jena.com

SpectroNet Infoveranstaltung

Topic: Förderung & Umsetzung von Projekten mit technologieorientierten Thüringer KMU

Date: 23.10.2019

Venue: Jena, Germany

Link: www.spectronet.de/academy

New @ SpectroNet Job portal

Teamassistenz (m/w/d)

Employer: SpectroNet c/o Technologie- und Innovationspark Jena GmbH

Workplace: Jena, Germany [Mehr...](#)

Head of Verification & Validation m/w/d

Employer: Kappa optonics GmbH

Workplace: Gleichen, Germany [Mehr...](#)

New Appointments @ SpectroNet Event Calender

July 2019

Workshopreihe „Fertigungstechnik/Maschinenbau“

02.07.2019, Ilmenau, Germany

URL: www.gfe-net.de

Joint IMEKO TC1-TC7-TC13-TC18 Symposium 2019

02.07-05.07.2019, St. Petersburg, Russia

URL: www.imeko19-spb.org

FUNDED BY:  Freistaat Thüringen
Thuringian Ministry for Economic Affairs, Science and Digital Society

SUPPORTED BY:  Technologie- und Innovationspark Jena

CERTIFIED WITH:  SILVER Cluster Management Excellence
DEDICATED TO CLUSTER EXCELLENCE
