# Photonics & Machine Vision Web Pitches will start on 10th of June 2020

Dear Clusterpartner and Friends,

in these special times we would like to stay in contact with our partners and friends. To present the new developments and products in the field of Photonics & Machine Vision we would like to introduce a new format the **Photonics & Machine Vision Web Pitches**. The new format will start on the 10th of June 2020 with the Pitch of Mr. Carsten Strampe CEO of IMAGO Technologies GmbH with the title "**Embedded Machine Vision**". The Pichtes will take place weekly on Wednesdays at 2:00 PM CET with 15 minutes presentation and a short discussion at the end.
