

in collaboration with

[6th International Conference on Optical Characterization of Materials \(OCM\)](#)

Optical Characterization of Materials in Industry and Beyond

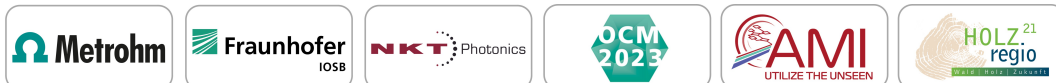

21st March 2023, Karlsruhe, Germany

Registration 08:30 a.m. CEST

Fraunhofer-Institut für Optronik, Systemtechnik und Bildauswertung IOSB

Fraunhoferstraße 1, 76131 Karlsruhe, Germany

Supported by:

Final Conference Agenda

3 sessions with **24 presentations** about:

- Session 1: Sensors & Systems for Optical Characterization of Materials
- Session 2: Methods & Algorithms for Optical Characterization of Materials
- Session 3: Applications & Challenges for Optical Characterization of Materials

Furthermore, there will be:

- an **Exhibition** with innovative products and services and
- an exclusive **Evening Event** with Live Demonstrations.
